

ELMER SANDS

EMERGENCY PLAN

MEMBERS

Emergencies can arise in many forms, flood; fire; wind; sea; air; accident or continued loss of services (electricity, gas, water, main drainage). If you suffer, witness or are advised of any form of such an emergency taking place your first action is to contact the emergency services Police; Fire, Ambulance or Coast Guard by telephone 999.

Your next consideration is whether the emergency has a wider impact beyond your own property in which case telephone the “first contacts” below by telephone in turn, until you are successful in speaking with one.

These volunteers will phone the emergency agencies on behalf of the Estate if required including local Councils Emergency Co-ordinators advising them of the type and scale of the emergency.

The First Contacts would also be responsible for establishing and organising the Elmer Sands emergency muster station at the Cabin, Elmer Road.

If opened The Cabin will be available for:

- 1) Temporary Shelter
- 2) Safe car parking
